

09. House Chores

Dad is annoyed that Mom hasn't vacuumed in a while and that he takes care of this house chore himself.

He asks the agent, "Can you tell Ayla it's her turn to vacuum next time?"

Two weeks later, Mom is in the dining room reading a book, when the Agent says, "Hi Ayla."

"It's time to vacuum the house again. I believe it is your turn this week".
